

3rd Salzburg Pelvic Course

Acetabular Fractures — Hands-on Cadaveric Course

4–5 March 2027, Salzburg

Advanced Level

Foreword

Dear Colleagues,

Demographic change, combined with growing activity levels well into old age, is placing acetabular fractures increasingly at the centre of surgically managed injuries.

Successful treatment ultimately rests on four pillars:

- Fracture classification
- Choice of approach
- Anatomical reduction
- Optimal stability through osteosynthesis

This hands-on cadaveric course is designed to deepen your skills in assessing and treating acetabular fractures, with the support of leading international experts.

We look forward to spending two days with you entirely devoted to the acetabulum.

Kind regards,

Univ. Prof. Dr Thomas Freude

Prim. apl. Univ. Prof. Dr Ernst J. Müller

Prim. Priv. Doz. Dr Georg Mattiassich

Programme

Thursday, 4 March

09:30 – 10:00	Registration
10:00 – 10:10	Welcome and course introduction
10:10 – 10:40	History, diagnosis, classification, and principles of osteosynthesis Historical overview: PD Dr med. G. Mattiassich Diagnosis and classification: Univ.-Prof. Dr med. W. Lehmann Fundamentals: Dr med. A. Antoni
10:40 – 12:10	Theory: anterior approaches Ilioinguinal approach: Prof. Dr med. T. Schildhauer Stoppa approach: Prof. Dr med. F. Stuby Pararectus approach: Prof. Dr med. J. Friederichs
12:10 – 13:00	Lunch break
13:00 – 13:20	Theory: posterior approaches Kocher-Langenbeck approach: Prof. Dr med. M. Mousavi Surgical hip dislocation: Prof. Dr med. J. Bastian

13:20 – 14:50	Anatomy refresher — theory and cadaveric session
14:50 – 17:30	Hands-on cadaveric practice — performing the planned procedure
17:30 – 17:50	Brief feedback sessions with lab groups

Friday, 5 March

08:30 – 08:45	Get-together
08:45 – 13:00	Hands-on practice — performing the planned procedure
13:00 – 13:20	Rationale for Bernese approaches: Prof. Dr med. J. Bastian
13:20 – 13:40	Complications: Prof. Dr med. F. Stuby
13:40 – 14:00	Summary and farewell

Faculty

- Dr med. A. Antoni, MedUni Vienna
- Prof. Dr med. J. Bastian, Inselspital, University Hospital Bern
- Univ.-Prof. Dr med. T. Freude, University Hospital Salzburg
- Prof. Dr med. J. Friederichs, BG Trauma Centre Murnau
- Univ.-Prof. Dr med. W. Lehmann, University Medical Centre Göttingen, Georg-August University
- Prim. PD Dr med. G. Mattiassich, AUVA Trauma Hospital Linz
- Prim. Univ.-Prof. Dr med. M. Mousavi, MedUni Vienna
- Prim. apl. Prof. Dr med. E. J. Müller, Klagenfurt am Wörthersee
- Prof. Dr med. T. A. Schildhauer, BG University Hospital Bergmannsheil Bochum
- Prof. Dr med. F. Stuby, Knappschaftskliniken Bochum GmbH, University Hospital Bochum
- Dr med. G. Thewanger, AUVA Trauma Hospital Linz

Practical Information

Registration

otc-akademie.de

Phone: +49 201 29 44 86 – 00

info@otc-akademie.de

Venue

Paracelsus Medical University

Institute of Anatomy and Cell Biology

Strubergasse 15 · 5020 Salzburg, Austria

Scientific Direction

Univ. Prof. Dr Thomas Freude, Salzburg

Prim. apl. Univ. Prof. Dr Ernst J. Müller, Klagenfurt

Course Organisation

Prim. Priv. Doz. Dr Georg Mattiassich, Linz

Registration Fees

OTC AT & DE members: €1,150

Non-members: €1,250

Course fees include participation in the event, catering throughout the course, and course materials.

Cancellation Policy

Cancellation terms are available at www.otc-akademie.de. Cancellations must be submitted in writing.

Accreditation

This course is accredited by the Austrian Medical Chamber (Österreichische Ärztekammer – national CME accreditation).
